

CONNECTICUT LEAGUE OF CONSERVATION VOTERS

Volunteer Positions with CTLCV

Updated July 2009

About Us: *The Connecticut League of Conservation Voters is a non-profit organization working to educate voters and elected leaders on state environmental issues. CTLCV (and CTLCV's Education Fund) works with dozens of groups to develop and support good environmental policies at the state legislature. We publish an annual environmental scorecard grading legislators on their environmental voting records, endorse candidates for state office who will make the environment a top priority, and help to get conservation-minded people informed and involved. Please visit our websites at www.ctlcv.org or www.conservationeducation.org.*

Member Outreach Volunteer:

CTLCV is seeking an energetic volunteer with an interest in state environmental issues to contact CTLCV members to talk with them about important state-level updates on energy, land-use, environmental justice, transportation, conservation, public health, recycling, and other environmental issues. Prospective candidates do not need to have an in-depth understanding of such issues, but should be available to come in and learn about them and talk with supporters three or four times a month as part of a new outreach effort. Ideal volunteer will enjoy conversing with our members and establish a personal connection with our organization and its members.

Annual Conference Volunteers:

CTLCV is seeking several volunteers to assist with our annual conference on Connecticut environmental policy (this year's conference will be December 2, 2009). Tasks include contacting participants, helping with all event logistics, and assisting with the development and distribution of materials. Volunteer efforts are vital to our mission of improving coordination and sharing of information on environmental policy between advocates and legislators prior to each state legislative session. Ideal volunteer should be well extremely well organized and enjoy public outreach.

Conferences, Fairs & Other Special Events Volunteers:

CTLCV is looking for an energetic volunteer with a passion for state environmental issues to seek out special events where CTLCV could have a presence, such as conferences, meetings, fairs, and other events, in order to promote our work and gain new members or volunteers. Interested individuals should help identify and participate in these events to promote CTLCV's environmental work and educate the public on state environmental policy.

Contact: For more information or to volunteer, please contact CTLCV Executive Director, Lori Brown, at lori.brown@ctlcv.org or 860.236.5442.
